# QUESILK

QUE Professional is always innovating in the beauty industry and has launched the **QUESILK Re-Conditioner** with 15 multi-benefits that is indicated for all types of hair. Its formula was developed with rich actives that allow 15 magic multi-benefits to the hair from the first application.

## WAY OF USE

1. After towel drying the hair, shake the Magic Help very well to mix the two phases and spray the reconditioner at a distance of 30 cm from the hair strands. No need to rinse.
2. Let it dry naturally or blow-dry your hair! Use the Magic Help as finishing product to add shine and protection to your hair.
3. It can be re-applied during the day as many times as you wish. It has no cumulative effect. It can also be applied to dry hair to discipline the hair strands and facilitate the combing process.
4. The constant use of this product provides a daily repair and perfect finishing results to the hair.

# 15 MAGIC BENEFITS

## ANTI-FRIZZ

Realign the hair strands keeping it straight for a longer time

## ANTI-AGE

Anti-aging of the hair fiber

## MAXIMUM THERMAL PROTECTION

Extra protection to the hair against the heat from blow-dryers and flat irons.

## HAIR WATERPROOFING

It allows hair to keep aligned for longer.

## EXTREME SHINE

Intense shine even on dull hair

## SERUM TOUCH

Seals the opened hair cuticles, providing a soft and velvety touch.

## SUN PROTECTION

Protection against UV rays, ideal for sun exposition.

## BRING BACK THE NATURAL MOISTURE

It keeps the moisture of the hair strands, delaying the drying texture

## INSTANT NUTRITION

Deeply nourishes, especially on dry hair

## HAIR DETANGLED IMMEDIATELY

Detangles the hair immediately after the application, helping to do not cause breakage

## ODOR NEUTRALIZER

Realign the hair strands keeping it straight for a longer time

## RESTORATION WITH DAILY USE

With the daily and continuous use, it works as an instant repair for the most damaged hair.

## CHEMICAL FREE

No parabens and preservatives addition

## OIL FREE FORMULA

Low molecular weight, non-oily formula
